Central Florida Golf Professional Brendon Elliott is pleased to announce the formation of his new "Little Linksters" Junior Golf Program.

Practice Makes Perfect at any age

The "Little Linksters" Golf Program is a great introduction to the game of golf for children 3-12 years of age.

The program is taught in a fun and interactive way using a combination of both traditional golf instruction methods and very non-traditional ways. The bottom line with the "Little Linksters" program is fun!

"I have always enjoyed working with junior golfers." Says Elliott. "I had the privilege of coaching golf at the High School level from 2003 to 2007 at Bishop Moore High

School but I had to give it up due to the new obligations I had when I was promoted to the Head Golf Professional position at Winter Park two years ago; I also wanted to try to be at home more with my growing young daughter." He explained. "When my daughter turned 3 back in March of this year and starting showing an interest in golf, I told my wife that I need to get involved with junior golf again and do so for the younger kids this time. That is kind of where this all started."

The program is a school or daycare based program. The pro-

gram has been offered at the StarChild Academy in Lake Mary, FL since the middle summer of this year and is slated to start at its second school, Lake Mary Prep in January 2009.

"Since I started at StarChild, I based the entire program off the use of SNAG golf equipment. This is oversized equipment and balls as well as training aids that make learning golf very easy for the younger kids and it keeps it fun too." says Elliott. "When we start the program at Lake Mary Prep in January I'm going to tweak things just a bit and incorporate US Kids Golf clubs and their Instructional program into our program so that the kids have at taste for "real" golf equipment as they progress out of the SNAG training. I also teach the importance of good golf etiquette and

etiquette in general. For this portion of the program I use a fantastic kid's golf etiquette program put together by eDimples as well as some great kid's golf coloring books by local PGA Professional, Jay Golden."
